

EDIARDSON LIMA

Brazil

Did you know our giving is making a difference in villages along the Amazon?

Through Brazilian missionaries in the Amazon, Ediardson Lima came to know Christ as Lord. He is now a church planter, ministering to the people living along the Amazon with him.

Ediardson is 20 years old and the only member of his family of 14 who has decided to follow Jesus. He has not received much support from his family, as they do not understand his decision to be a missionary. He does, however, receive support from Brazilian Baptists and Texas Baptists through the Missionary Adoption Program.

Ediardson loves being a missionary. His heart for the Lord and the communities along the river is best captured in this statement: I want to keep sharing the Gospel with the people in the Amazon. I cannot imagine myself doing anything else.

Without the MAP ministry, Ediardson would not be able to spread the Word. Through our giving to the Cooperative Program, our church helps support our missions partnership with Brazilian Baptists and many others like it. Please join me in praying for Ediardson and his ministry. Pray that he can share the love of God with those around him, especially his family.
