MISSIONARY HIGHLIGHT

Phil Miller
Texas

The Texas Baptists Great Commission Team (GCT) helps churches evangelize the lost, equip the believers and exalt the Lord. One way in which they do this is through discipleship training.

Phil Miller, the director of discipleship for the GCT, coordinates discipleship training events and individual consultations with churches around Texas. He believes fostering discipleship is a necessary facet of church care and should happen on a regular basis.

Central Baptist Church in Carthage realized their need and called on GCT to help them train the ministers, leaders and teachers in their church. Several churches in the Carthage area came together for a weekend of lessons, sessions and scripture from GCT staff. Phil reported a great turnout of people of all ages and CBC Carthage's desire for this to become an annual event.

The Great Commission Team responds to calls of need from Texas Baptists churches, especially those churches with limited resources and the desire to make an impact in their communities. Phil often gets asked what this training costs, and he always tells them, "You've already paid for it."

The ministry and work done by Texas Baptists Great Commission Team is funded through our Cooperative Program giving. Pray that the Lord guides those who are training and equipping disciples and leaders in churches throughout the state.
